MEMORANDUM FOR: [REDACTED]

SUBJECT: Characteristics of the People

We had occasion recently to re-read the article "Face Among the Arabs" in the Summer 1964 issue of Studies in Intelligence. It would appear useful to pass a copy of this article to the Bureau of the Census as an example of the type of information that would be useful to include in the Section 42. This kind of information has considerably more relevance to policy considerations than the shape of an Arab's head. I have already received approval from the editor of the Studies for such transmittal to Census if you consider it appropriate.
